### To Whom It May Concern

The carrier of this letter, Mr Wolfgang von Schwarzenfeld, is a professional artist based in Berlin, Germany, undertaking a special project, the 'Global Stone Project', which aims to bring rocks from the five continents to Berlin for placement near the German parliament building.

His project has gained substantial publicity in Germany and is promising to result in a prominent feature in the Berlin Tiergarten area.

As part of the project, Mr von Schwarzenfeld is also planning to place a rock from Western Australia in Canberra and to mould it there on site.

We commend his plans for an Australian rock to be included in his 'Global Stone Project' and would appreciate any assistance which might be afforded to him.
