CAPE TOWN TOURISM

3 May 2002

Global Stone Project

This letter confirms Cape Town Tourism's support for Wolfgang Kraker von Schwarzenfeld's Global Stone Project

The light-reflecting stones are a symbolic gesture for world peace and they could well serve as a unifying symbol.

Please assist Mr von Schwarzenfeld in whichever way you see fit.

Best regards

A handwritten signature in black ink, appearing to read 'S Ozinsky', is located below the text 'Best regards'.
